## HATEMONGERS SMEAR PATRIOTS WHO WARN NATION OF DEFEAT!

**World War III threatens security and sovereignty of nation; Hope fast dwindling for United States victory and survival!**

**CHARACTER-ASSASSINATION SABOTAGING NATION'S DEFENSE!**

BY BENJAMIN H. FREEDMAN  
FOUNDER 1916, LEAGUE FOR PEACE WITH JUSTICE IN PALESTINE

BENJAMIN H. FREEDMAN

World War III. That unwarranted complicity surely opened a Pandora's box for the United States in Asia and Africa which it will be hard to shut.

On the day United States armed forces go into action in the Middle East under secret or non-secret commitments with Zionists the curtain will rise on the first act of World War III figuratively, and literally. On that day the Soviet Union will not be found sitting on the side-lines as one of the disinterested onlookers judging by the historic ultimatum they issued in the Middle East in 1956 when the armed forces of Great Britain and France went into action against Egypt without provocation or justification under any international law or any provision of United Nations Charter.

These hatemongers preach and practice their unique method of character-assassination against the nation's courageous and self-sacrificing patriots as a defense strategy devised by them expressly to circumvent their exposure. The hatemongers' brain-washing apparatus practices the well-known military strategy that the offense is the best defense. The hatemongers smear the nation's patriots with the hatemongers' "anti-Semitism" smear with the full force of the hatemongers' brain-washing apparatus to discredit this nation's patriots in the eyes of the nation before they awaken the nation to the nation's danger. The hatemongers' "anti-Semitism" smear is the hatemongers' unique method for discrediting the nation's patriots in the eyes of the nation; a method the hatemongers have thus far found invincible and invulnerable. *How much longer will this nation stand for this sabotage?*

The unwarranted persecution mercilessly inflicted on me without interruption since 1945 by the hatemongers' brain-washing apparatus because I defied them to tell the nation facts the hatemongers ordered me not to tell the nation, challenges the traditional civil liberties guaranteed by the Constitution equally to every man, woman and child in the United States, the right of free speech, the right of freedom of the press, and the right of peaceful assembly, without the fear of persecution by the hatemongers' brain-washing apparatus with the hatemongers' "anti-Semitism" smear. Unless public opinion is sufficiently aroused to take measures restraining the hatemongers' brain-washing apparatus it will not be long before the nation loses the right to the free exercise of these three constitutional rights without which this nation will soon sink into the depths of defeat.

I promptly proceeded to tell the nation everything I knew of the dangers as the facts which follow here substantiate. In 1948 for the first time I was very summarily ordered by a hatemonger's duly delegated representative not to tell the nation any further facts concerning this situation. I summarily refused to remain silent. Thereupon the hatemongers' brain-washing apparatus was turned loose on me to an extent never before experienced by anyone. Every media for the control of public opinion hurled the hatemongers' "anti-Semitism" smear at me around-the-clock from coast-to-coast. Behind the hatemongers' brain-washing apparatus stood the B'nai B'rith, Anti-defamation League of B'nai B'rith, American Jewish Com-

mittee, American Jewish Congress, World Zionist Organization and their countless affiliates and subsidiaries instigating my persecution by them.

My single-handed struggle against the hatemongers' brain-washing apparatus was waged by me as a lone crusader since 1945 not by my choice but by necessity. From 1945 on the hatemongers' brain-washing apparatus continued spending millions of dollars to discredit me in the eyes of the nation with their "anti-Semitism" smear as their most vicious invective of all their vicious character-assassination invectives. From 1945 to date the hatemongers' "anti-Semitism" smear virtually quarantined me. The "guilt by association" fear felt by this nation for the hatemongers' "anti-Semitism" smear practically isolated me. I must confess that at various times I did feel discouraged, depressed and disgusted but I never did feel defeated.

My ability to hold my own single-handed against the onslaught of the hatemongers' brain-washing apparatus is proof to me that this nation can still win against them if the nation's courageous and self-sacrificing patriots will make up their minds to fight side-by-side and not like "lone-eagles" as in the past. Once upon a time the motto of this nation was "one for all and all for one." That policy pulled this nation out of many holes in the past. It can do so again! Why not try it again? This nation can always be depended upon to put up a winning fight if the issues are honestly explained. If the nation prefers to follow the policy that "ignorance is bliss" and "it is folly to be wise" the control of this nation by the hatemongers' brain-washing apparatus will just continue to grow, and grow, and grow!

The fear of the hatemongers' "anti-Semitism" smear silences millions in the United States today. These potential patriots fear to speak out what is on their minds for fear of the hatemongers' "anti-Semitism" smear. It is indeed a strange paradox and a sad commentary that in this literate nation that ignorance about "anti-Semitism" becomes responsible for this condition. That knowledge will quickly enable the nation once again to enjoy three traditional rights which they can no longer enjoy, freedom of speech, freedom of the press, and freedom of assembly, without fear of the hatemongers' "anti-Semitism" smear to restrain full exercise of these rights.

These vicious hatemongers have now developed their "anti-Semitism" smear into the most deadly weapon in their arsenal of character-assassination weapons. The hatemongers' "anti-Semitism" smear outstandingly demonstrated its preeminence for discrediting the nation's patriots in the eyes of the nation. The fear of the hatemongers' "anti-Semitism" smear has made this nation a nation of cowards but with some justification on the part of the cowards. Survival to them is still the first law of nature. They are aware the hatemongers' "anti-Semitism" smear has ruined patriots in business, in professions, and in politics. *This vicious vengeance must stop!*

The fear of the hatemongers' "anti-Semitism" smear will quickly and forever disappear if religious leaders, educators and editors undertake to enlighten the nation on this subject, and if they themselves will stop using the hatemongers' "anti-Semitism" smear-word altogether commencing now. They are all so well educated on this subject. They were taught all the facts. Has the fear of the hatemongers' "anti-Semitism" smear made cowards too of the nation's religious leaders, educators and editors? They appear to fear the hatemongers' "anti-Semitism" smear just as much as persons in business, in professions, and in politics. Now to whom then can the nation turn to learn the "facts of life" about the hatemongers' "anti-Semitism" smear? *Do they consider this a nation of dupes or dopes or both?*

This nation little realizes and much less understands that today the most vicious hatemongers in the United States are B'nai B'rith, Anti-defamation League of B'nai B'rith, American Jewish Committee, American Jewish Congress, World Zionist Organization and all their affiliates and subsidiaries. These hatemongers preach and practice their unique method of character-assassination against this nation's courageous and self-sacrificing patriots who ignore all consequences to themselves to tell the nation facts too long suppressed by the hatemongers for the good of the nation; the whole truth about their purposes, about their policies and about their programs. These courageous and self-sacrificing patriots cannot by any stretch of the imagin-

## Fact For Fact

tion be considered hatemongers in the literal sense of that word. These vicious hatemongers smear this nation's courageous and self-sacrificing patriots as "hatemongers" with their brain-washing apparatus as a defense strategy to divert public attention away from the fact they themselves are the nation's hatemongers masquerading as patriots in various disguises.

The most vicious hatemongers in the United States to my knowledge have concentrated their brain-washing operations in the most formidable brain-washing apparatus in world history. In the United States today these hatemongers control the news columns and editorial policies of the nation's leading newspapers, they control the programs of all television and radio networks, they control all production and exhibition of motion-pictures, and they control the leading publishers of magazines and books of all types. These hatemongers have made public opinion in the United States their prisoner with control by them of this unprecedented and unparalleled brain-washing apparatus. This situation poses a threat to the security of the nation because the public is kept in ignorance of the real issues involved.

The nation's courageous and self-sacrificing patriots do not deny they hate certain things but with some justification for their feelings. They make no secret of the fact they hate Marxism, Communism, Bolshevism, Fabianism, atheism, anarchism and each of the many camouflaged, other variations of Marxist "isms", all masquerading in a variety of disguises with innocuous titles under which they are parading themselves before an unsuspecting nation. The nation owes to these courageous and self-sacrificing patriots a greater debt than can ever be repaid to them. The nation's gratitude is far from sufficient to liquidate that liability. The nation must search for and find a way to inspire these patriots to go on hating Marxists ideologies, more, and more, and more. These patriots are not easily fooled by the deceptions practiced by Marxists to infiltrate into unsuspecting places in our fragmented society further to disorganize and to disintegrate our complex political, social and economic structure as the nation ignores their warnings.

These hatemongers fear only one thing. They fear the truth. They have a deadly fear that the nation's courageous and self-sacrificing patriots may some day succeed in opening the eyes of the nation. For many years these hatemongers have been using their brain-washing apparatus and their "anti-Semitism" smear to suppress many facts about themselves for obvious reasons. The nation should now exercise its right to investigate *B'nai B'rith*, *Anti-Defamation League of B'nai B'rith*, *American Jewish Committee*, *American Jewish Congress*, *World Zionist Organization* and their countless affiliates and subsidiaries to the same extent and in the same manner that these hatemongers use the full impact of their brain-washing apparatus to compel "investigations" of the nation's patriots only to harass them and thereby to exhaust their precious time and their little money in self-defense.

In 1945 for the first time I learned about the Zionist conspiracy to transform Palestine into a synthetic Zionist so-called "sovereign Jewish state" by "hook or crook" and "come hell or high water." The ramifications of the Zionist conspiracy staggered my imagination as they were unfolded to me in 1945. The implications, inferences and innuendos of the Zionist conspiracy shocked me out of my post-war complacency at the close of World War II. The Zionist conspiracy for aggression in the Middle East convinced me in 1945 that Zionist aggression in Palestine would trigger World War III in the not very distant future. I acted upon my duty to tell the nation this fact for security reasons. In my considered judgment the fate of the nation and the destiny of mankind were threatened by the world-wide ramifications of the plot to create in Palestine a synthetic Zionist so-called "sovereign Jewish state" by the use of force and violence.

The literal meaning of "anti-Semitism", as the prefix "anti" signifies, must mean the opposite extreme of the literal meaning of "Semitism." That must follow. It also follows that to understand the literal meaning of "anti-Semitism" it is first necessary to understand the literal meaning of "Semitism." The word "Semitism" is a word invented only late in the 18th century. The word "Semitism" is a word invented by a Swiss historian seeking to coin a new word to denote and designate the civilization and culture of the ancient so-called "Semites" for which no word then existed.

The word "anti-Semitism" is literally a word without meaning or sense. The word "anti-Semitism" was invented only late in the 19th century by followers of Karl Marx in eastern Europe. Late in the 19th century the early organized followers of Karl Marx founded the first Marxist organization in the history of Marxism dedicated to implementing the original Karl Marx program for the world-wide Marxist revolution. This first Marxist organization was founded in Poland in 1893 by a small group of so-called "Jews" who then unconditionally restricted the membership exclusively to so-called "Jews" of the working classes in eastern Europe.

This first Marxist organization was called the *Bund* by its founders. This first Marxist organization became the "spearhead" of the world-wide Marxist network seeking since 1893 to implement by force and violence or by subversion the well-known Karl Marx program for a world-wide revolution, according to reliable sources of information on this subject including among others national archives, files of the Encyclopedia Britannica and books, records and documents of other leading research specialists.

Shortly after the first organized efforts by organized Marxist revolutionists in eastern Europe to implement the Karl Marx program, they found it necessary to invent the word "anti-Semitism" as a defense measure for strategic reasons. The first organized Marxist revolutionists were forced to defend themselves in eastern Europe against the rapidly rising tide of Christian opposition to the growing threat of Marxism to eastern Europe in particular. The members of the Marxist *Bund* were compelled to continue their efforts more discretely behind the smoke-screen of the word "anti-Semitism." For reasons which are easily understood by Christians, the Marxist revolutionists continued using the word "anti-Semitism" with great success as a smoke-screen to meet their needs for a defense strategy.

The brain-washing apparatus of the Marxist revolutionists in eastern Europe proceeded to brain-wash Christian nations throughout the world that Christian opposition to Marxism was "anti-Semitism" and that "anti-Semitism" was Christian intolerance towards so-called "Jews" solely for religious reasons. Christians antagonism to so-called "Jews" in eastern Europe at that time was not based upon religious intolerance but upon the fact that at that time Marxists in eastern Europe were so-called "Jews." At the same time and in the same manner Christian antagonism developed towards Moslems, Hindus, Buddhists and Confucians who happened also to be Marxists. That antagonism was not religious intolerance at all. Christians felt the same for the same reason towards all Marxist revolutionists without any interest in their religious faiths as so-called "Jews" well knew.

The word "anti-Semitism" is totally meaningless and completely senseless to denote or designate alleged Christian intolerance or antagonism towards so-called "Jews" based upon their religious belief. By the same token the word "anti-Semitism" is equally meaningless and senseless to denote or designate alleged Christian intolerance or antagonism towards

Marxists because they also happen to be so-called "Jews" and vice-versa. Karl Marx's earliest followers in eastern Europe invented the word "anti-Semitism" solely as a defense measure to stigmatize Christian opposition to Marxism as Christian "religious intolerance." The literal meaning of the word "anti-Semitism" makes it the height of absurdity and of stupidity to associate Christian intolerance for Marxist revolutionists with alleged Christian intolerance for so-called "Jews" solely on that account. So-called "Jews" maintain that "Judaism" and Marxism have very much in common.

The 19th century invention of the word "anti-Semitism" by so-called "Jews" who were also Marxists created a word that is literally meaningless and senseless. The word "anti-Semitism" by any stretch of the imagination cannot mean what the hatemongers have brain-washed the nation to believe it means. The hatemongers' brain-washing apparatus has given the word "anti-Semitism" an implication, an inference and an innuendo totally foreign to the literal meaning of "anti-Semitism." There is a literal meaning to the word "anti-Semitism" but that meaning is totally in conflict with the implication, the inference and the innuendo the hatemongers' brain-washing apparatus has succeeded in giving the word "anti-Semitism."

The ancient so-called "Semites" were the legendary descendants of Shem. Shem was one of Noah's three sons. Shem was the name of this son of Noah in the so-called "Semitic" language then spoken in Shem's homeland at the time of his birth in the very remote past. With the passage of countless thousands of years the name Shem became "Sem" in the Greek and Latin languages. With the passage of further years modern theologians and historians referred to the legendary descendants of Shem as "Semites" not as Shemites. Similarly Shemitism became "Semitism", Shemitic became "Semitic", and Shemite became "Semite" and they thus have since remained.

The words "Semite", "Semites", "Semitic" and "Semitism" were not invented to denote or designate race, religion or natural origin by implication, inference, innuendo or otherwise. These words were invented solely to denote or designate in a geographic sense the inhabitants of a specific geographic region, in this case the Middle East's several million square miles joining together the continents of Europe, Asia and Africa. The ancient so-called "Semites" who inhabited that region throughout history included persons and nations of many races, many religions and many national origins. These words were not invented to denote or designate physical, mental or cultural characteristics typical of any one race, ceremonial rituals characterizing one religious faith, or the historic ancestry or national origin of a world-wide religious sect claiming common ancestry.

The ancient so-called "Semites" who inhabited the Middle East's several million square mile region joining together the continents of Europe, Asia and Africa throughout their long history spoke 43 so-called "Semitic" languages. The word "Semitic" was invented by modern philologists and etymologists solely to denote and designate the 43 so-called "Semitic" languages of similar form and structure spoken by so-called "Semites" throughout the ages. The word "Semitic" literally and solely denotes and designates the languages spoken by past and present so-called "Semites" without insinuating race, religion or national origin by implication, inference, or innuendo as a misleading new meaning for its true ancient meaning.

In passing it may be of interest to mention here that the modern English word "Hebrew" is a modern English word invented to denote and designate the ancient so-called "Semitic" language spoken by the ancient Canaanites at the time Joshua and 600,000 Egyptian exiles invaded Canaan about 1200 B.C. After wandering in the Sinai desert for 40 years as impoverished and derelict nomads searching for a more promising region in which to settle permanently, Joshua and 600,000 Egyptians invaded Canaan and settled there after a long and bitter war for 200 years against the Canaanites who had done nothing to provoke the invasion or conquest.

After living a primitive existence in the Sinai desert for 40 years, Joshua and the 600,000 Egyptian exiles lost much of the culture and many of the customs they took with them when they departed from Egypt. They retained a very limited Egyptian vocabulary but no written form for the language they then spoke. At this period in history the Egyptian language used hieroglyphic pictures and cuneiform characters with which they preserved for posterity permanent records of their spoken language.

Canaan was not very far to the North of the Sinai desert where Joshua and 600,000 Egyptian exiles wandered for 40 years. At that period in history Canaan was the wealthiest so-called "Semite" nation in the vast Middle East region and enjoyed the most highly developed culture of all so-called "Semite" nations. The Canaanites possessed a language with the most extensive vocabulary of all so-called "Semitic" languages with one of the world's early modern alphabets, a modified form of the Assyrian alphabet, the first-born of modern alphabets at the dawn of civilization.

After the conquest of Canaan, Joshua and the 600,000 Egyptian exiles quickly mastered the extensive vocabulary of the Canaanite language and made it their new language known since as the so-called "Hebrew" language. Joshua and the 600,000 Egyptian exiles also quickly mastered the Canaanite alphabet and made it their alphabet, the first written form for any language ever spoken by them and known now as the so-called "Hebrew" alphabet, since then the only language and alphabet by that name.

Any reference today to a so-called "Hebrew" language is in fact a modern reference to the ancient so-called "Semitic" language then spoken by Canaanites, and any reference today to a so-called "Hebrew" alphabet is in fact a reference to the ancient so-called "Semitic" alphabet of the ancient Canaanites for centuries prior to the conquest of Canaan by Joshua about 1200 B.C. notwithstanding around-the-clock brainwashing to the contrary by the hatemongers' brain-washing apparatus for obvious reasons; *the game of giving new names to old products to fool the public!*

The modern English word "Hebrew" comes from the ancient so-called "Semitic" word "ibrai". The literal meaning of the so-called "Semitic" word "ibrai" is "a from over on the other side". The ancient so-called "Semites" used the word "ibrai" to denote or designate as immigrants persons emigrating to make their permanent residence in another country, "a from over on the other side" of a mountain range, a lake, a river, or a sea. The ancient so-called "Semites" used the word "ibrai" in its plural sense to denote or designate aggressor nations as invaders in the sense invading nations in effect were immigrants collectively and were thus so described.

The first mention of the word "Hebrew" in the English modern translations of the Old Testament is the mention there of Abraham for the first time as a so-called "Hebrew." In the ancient Old Testament original scrolls Abraham is mentioned as "Abram ibrai" in the same verse he is mentioned as a so-called "Hebrew" in the English modern translations. The world's greatest Scriptural authorities among philologists and etymologists, and eminent theologians and historians, translate the ancient so-called "Semitic" term "Abram ibrai" as "Abraham the immigrant", their authentic translation.

Abraham of Bible fame immigrated from his homeland in Chaldean into Canaan about 1900 B.C. first entering Canaan from across the Taurus Mountains which separated Chaldean from Canaan thus becoming to the Canaanites "a from over on the other side." The modern English word "Hebrew" is meaningless and senseless to convey the impression that Abraham immigrated from his homeland in Chaldean into Canaan. Abraham of Bible fame became "a from over on the other side" when he first arrived in Canaan as an "ibrai." The original Old Testament ancient manuscripts so describe Abraham. In 1200 B.C. when Joshua and 600,000 Egyptian exiles invaded Canaan they also became "ibrai" but in the plural sense of the word. The plural sense of "ibrai" applies to nations as invaders. Joshua and the 600,000 Egyptian exiles thus became the first so-called "Hebrew" nation in history when they invaded Canaan, a nation "from over on the other side", a word never used that way before in all history.

The word "Hebrew" in English is a word of modern vintage. The description of Joshua and the 600,000 Egyptian exiles who conquered Canaan as a so-called "Hebrew" nation is the first mention in the English language of a so-called "Hebrew" nation as such. From time immemorial, back unto "the time when the memory of man runneth not to the contrary", there are no earlier records in the history of the world indicating the prior existence of a so-called "Hebrew" nation, a so-called "Hebrew" race, a so-called "Hebrew" religion, a so-called "Hebrew" language or a so-called "Hebrew" alphabet in the sense given to the word by brain-washing today.

This nation has been brain-washed by the hatemongers' brain-washing apparatus into believing that at some remote time in ancient history the modern English word "Hebrew" denoted or designated then an ancient so-called "Hebrew" nation, an ancient so-called "Hebrew" race, an ancient so-called "Hebrew" religion, an ancient so-called "Hebrew" language, and an ancient so-called "Hebrew" alphabet. All are now contradicted by countless incontestible historic facts notwithstanding endless brain-washing to the contrary poured out by the hatemongers' brain-washing apparatus.

Abraham neither discovered nor invented monotheism, the belief in an invisible, omnipotent and eternal deity notwithstanding brain-washing to the contrary by the hate-mongers' brain-washing apparatus for reasons too obvious to require explanation here and now. For many thousands of years prior to Abraham's conversion to belief in an invisible, omnipotent and eternal deity known then as the worship of Yaweh, monotheism was blooming and booming among the so-called "Semites" in the extensive Middle East region of several million square miles joining together the continents of Europe, Asia and Africa as 20th century discoveries establish.

For at least 100 generations during the several thousand years immediately preceding Abraham's historic immigration into Canaan about 1900 B.C. millions of so-called "Semites" in each of these 100 or more generations made their homes in the extensive Middle East region of the several million square miles which join together the continents of Europe, Asia and Africa. From time immemorial, from "the time when the memory of man runneth not to the contrary", until the 20th century that extensive several million square mile Middle East region joining with each other the continents of Europe, Asia and Africa was without interruption solely the homeland of so-called "Semite" nations notwithstanding brain-washing to the contrary by the hatemongers' brain-washing apparatus to justify Zionist infiltration since 1920 and their 1948 rebellion in Palestine for the establishment there by force and violence of the synthetic Zionist so-called "sovereign Jewish state" for which no justification has ever existed!

For at least these 100 generations during the several thousand years immediately preceding the conversion of Abraham-the-pagan in 1900 B.C. to monotheism in his old age by the so-called "Semites" among whom Abraham settled, today it is recognized by all leading theologians and historians that monotheism during that period was widely practiced by so-called "Semites" throughout this extensive region. This extensive Middle East region is today recognized by leading theologians and historians as the cradle of monotheism for thousands of years prior to the time of Abraham's conversion to the worship of Yaweh, about 1900 B.C., the modern worship of Jehovah, the first organized recognition by mankind of an invisible, omnipotent and eternal deity in the history of monotheism.

In 1945 I was invited to join American Council for Judaism by several prominent members. In 1945 American Council for Judaism took the position that so-called "Judaism" was a religious faith and only a religious faith. In 1945 American Council for Judaism likewise took the position that persons professing so-called "Judaism" as their religious faith did not solely by operation of that fact thereby become members of a mythical and mystical ancient so-called "Jewish race" and by the same token also become citizens of a mythical and mystical ancient so-called "Jewish nation." I fully subscribe to the position taken by American Council for Judaism on that question because it is supported by incontestible proof.

Consistent and compatible with their incontestible knowledge on this subject American Council for Judaism in 1945 publicly expressed very strong objections to the plan to transform Palestine into a synthetic Zionist so-called "sovereign Jewish state." American Council for Judaism did not hesitate to indicate their opposition wherever and whenever the opportunity presented itself. This however was not very often. The hatemongers' brain-washing apparatus took the extreme opposite view on this subject. They denied American Council for Judaism access to media of mass-communications for shaping public opinion to tell the nation the truth about the new Palestine crisis. The hatemongers' brain-washing apparatus reserved the media of mass-communication for shaping public opinion exclusively for themselves to tell the nation their untruths on this subject.

Since 1945 every media of mass-communications for shaping public opinion has been utilized to its fullest extent by B'nai Brith, Anti-Defamation League of B'nai Brith, America Jewish Committee, American Jewish Congress, World Zionist Organization and their countless affiliates and subsidiaries to brain-wash the nation that every so-called "Jew", in the meaning given by the hatemongers' to that word, was solely by reason of that fact unequivocally a member of a mythical and mystical ancient so-called "Jewish race" and solely by reason of that fact also a citizen of a mythical and mystical ancient so-called "Jewish nation" knowing that to be untrue!

In 1945 I joined American Council for Judaism. The wealthy Lessing Rosenwald founded American Council for Judaism in 1943 and has been its financial backer since he founded it. Associated very closely with Lessing Rosenwald in his American Council for Judaism activities is Rabbi Elmer Berger. Rabbi Berger is Executive Director of American Council for Judaism and has been since it was founded in 1943. Lessing Rosenwald incidentally is a son and heir of the late Julius Rosenwald of Sears Roebuck & Co. fame whose estate exceeded \$350,000,000.00 when he died.

In 1945 Lessing Rosenwald and Rabbi Berger led me to understand American Council for Judaism was eager to commence an extensive and

expensive, advertising campaign with full-pages in newspapers in leading cities across the country telling the nation the truth, the whole truth and nothing but the truth about the situation in Palestine and how it affected the security of this nation and the peace of the world. In 1945 this nation understood little and cared less about what was happening in Palestine. World War II had ended and the nation had enough to worry about at home without worrying then about Zionist plans for aggression in Palestine.

In 1945 the hatemongers' brain-washing apparatus was conducting an advertising campaign with full-pages in newspapers across the country in the most expensive and intensive campaign of its kind in history, brain-washing the nation with untruths, half-truths and distortions of truth about the Palestine question. The need to tell the truth to the nation about the Palestine question created the necessity for an equally effective advertising campaign by American Council for Judaism and was the one and only reason justifying the existence of American Council for Judaism in the opinions of the preponderant majority of members concerned with this vital matter.

The American Council for Judaism advertising campaign never materialized. The reason for this that was told to me was the required money was not available. That excuse did not impress me. If Lessing Rosenwald's sister could contribute from her personal income \$1,000,000.00 annually to United Jewish Appeal her brother could easily defray the cost of the American Council for Judaism advertising campaign without great personal sacrifice. I then realized that money was not the real reason American Council for Judaism abandoned the plan for an advertising campaign with full-pages in newspapers in leading cities across the country. I know the actual reason now but it will serve no purpose to explain it here and now.

World tensions were growing more acute as the situation in Palestine grew worse. I felt something had to be done quickly to inform the nation of the facts before the situation in Washington got out of hand due to lobbying threatened by the hatemongers' brain-washing apparatus. Without hesitation or equivocation I promptly volunteered to personally supply from my private funds all the money necessary to defray the entire costs for an American Council for Judaism advertising campaign with full-pages in newspapers in leading cities across the country as long as required to tell of the great deception being practised upon the nation by the hatemongers' brain-washing apparatus without arousing suspicion. My offer was rejected!

In 1945 Zionists demanded Palestine claiming Palestine was the "homeland" solely of their ancestors in Bible history, which they knew to be untrue! In 1945 Zionists demanded Palestine claiming so-called "Jews" throughout the world were now living in "exile", which they knew to be untrue! In 1945 Zionists demanded Palestine claiming "religious persecution" scattered so-called "Jews" to the four corners of the earth, which they knew to be untrue! In 1945 Zionists demanded Palestine claiming so-called "Jews" had prayed for Palestine as their home for 2000 years, which they knew to be untrue! In 1945 Zionists demanded Palestine claiming God defaulted in his agreement to give Palestine to Abraham's "chosen people" as their "Promised Land", which they knew to be untrue! In 1945 Zionists demanded Palestine claiming Great Britain gave it to them in 1917 by a letter from Arthur Balfour to Lord Rothschild, which they knew to be untrue! In 1945 Zionists demanded Palestine claiming Article XXII of the League of Nations Covenant gave it to them in 1920, which they knew to be untrue! In 1945 Zionists demanded Palestine claiming the League of Nations "Mandate" gave it to them in 1922, which they knew to be untrue!

I then realized for the first time that it was hopeless to expect American Council for Judaism to ever offer effective opposition to the hatemongers' brain-washing apparatus with the necessary full-pages in newspapers in leading cities across the country. After consultation with the nation's leading citizens of every interested religious faith and all interested national backgrounds at the highest levels in New York and Washington I decided to form the League for Peace with Justice in Palestine. The Board of Directors was to have on it representatives of all interested religious faiths and all interested national backgrounds among the nation's outstanding men and women who had unanimously expressed enthusiasm for the purpose, the policy and the program of the League for Peace with Justice in Palestine. They also felt this was the only way to cut that Gordian knot.

Without in any way disturbing my cordial relations with Lessing Rosenwald, Rabbi Berger or other members of American Council for Judaism I requested my attorneys Messrs. Riegelman, Strasser, Schwartz & Spiegelberg then at 160 Broadway, New York City to incorporate a non-profit membership corporation with the name League for Peace with Justice in Palestine. Messrs. Riegelman, Strasser, Schwartz & Spiegelberg requested my consent to permit them before they proceeded further with the matter to ask their principal clients and other members of their law firm if they objected to having the League for Peace with Justice in Palestine as a client in their law offices. Messrs. Riegelman, Strasser, Schwartz & Spiegelberg received the unanimous consent of their principal clients and all other members of their law firm after explaining to them the purpose, the policy and the program of the League for Peace with Justice in Palestine. They then proceeded forthwith to incorporate the League for Peace with Justice in Palestine under the laws of the State of New York for non-profit membership corporations and Justice Aron Steuer validated its formation.

A few days after the incorporation of the League for Peace with Justice in Palestine the first of a series of full-pages in newspapers in leading cities across the country appeared in New York City in the New York Herald Tribune and other leading newspapers. Hell seemed to break loose on that day as far as I was concerned. The headline of these full-pages appearing in the newspapers was "Political Zionists Exploit Untruths About Palestine." The full-page reading matter listed 14 untruths with which the nation was then being brain-washed by the hatemongers' brain-washing apparatus.

On May 2, 1946 the same day the first full-pages appeared in the newspapers in New York City a large delegation from the headquarters of the hatemongers' brain-washing apparatus descended like a tornado upon the offices of Messrs. Riegelman, Strasser, Schwartz & Spiegelberg to read the "riot act" to Charles A. Riegelman the head of the firm. They accused Riegelman of being "anti-Semitic" because his law firm had incorporated the League for Peace with Justice in Palestine for me. After several hours further abuse by these delegates Riegelman fell to the floor with such a severe heart attack that he could not be moved from his office to his home for several days. Riegelman never recovered and died shortly afterwards.

Messrs. Riegelman, Strasser, Schwartz & Spiegelberg informed the delegates there from the headquarters of the hatemongers' brain-washing apparatus that I was the moving spirit behind the League for Peace with Justice in Palestine. The hatemongers' brain-washing apparatus thereupon transferred their attention to me after compelling Messrs. Riegelman, Strasser, Schwartz & Spiegelberg to send to my home that same day all the books, records and documents of the League for Peace with Justice in

## Fact For Fact

Palestine with a letter stating that they did not any longer wish this "anti-Semitic" corporation to further consider itself the client of their law offices.

On the same day the *League for Peace with Justice in Palestine's* first full-page announcements appeared in newspapers in New York City. Messrs. Riegelman, Strasser, Schwartz & Spiegelberg telephoned to me and requested that a member of the firm be permitted to call at my home that evening with a gentleman who wished very much to meet me, to which I consented. That evening a member of the firm called and brought along with him a George Minzer. George Minzer remained alone at my home until long past midnight "laying down the law" to me as he did to criminals while Assistant U. S. District Attorney in charge of criminal prosecution.

At the time of his visit to my home George Minzer was General Counsel for *American Jewish Committee*. Minzer stated to me he was duly delegated to demand that I forthwith cease and desist my present activities related to the Palestine question. Minzer warned me that if I did not submit to his ultimatum I would soon "learn the meaning of retaliation." I have witnesses and affidavits to prove that Minzer made that threat over and over again!

I called Minzer's attention to my Constitutional right to freely express myself orally or in writing on any subject not prohibited by law. Minzer laughed at that reminder of the Constitutional rights he was so recently well paid by the United States Government to preserve. In keeping with my life-long policy of peaceful pursuit of all objectives whenever and wherever possible I suggested to Minzer that he arrange a conference with Samuel D. Leidesdorf to discuss this matter. Leidesdorf was the most prominent official in *American Jewish Committee* of which Minzer was also then General Council. Minzer did not welcome this suggestion and refused to agree with my suggestion for us to discuss that matter with Leidesdorf.

Samuel D. Leidesdorf is one of this nation's most outstanding citizens. Leidesdorf judgment is so sought by many in all walks of life because his decisions are unselfishly based upon unbiased and unprejudiced consideration of the justice and equity involved. There are few men in this country today whose opinions are more valued than Leidesdorf's opinions. I do not speak from hearsay. I was his close personal friend and his business associate in many enterprises from 1925 to 1945. I was anxious to have Leidesdorf mediate Minzer's ultimatum and to abide by Leidesdorf's recommendations as I have done for more than 20 years without regrets. I called this to Minzer's attention but he refused to submit the matter to Leidesdorf for consideration by him in the interest of all parties concerned.

The reading matter following the headline "Political Zionists Exploit Untruths About Palestine" in the first full-page *League for Peace with Justice in Palestine* paid advertisement to appear in New York City newspapers was approved in advance of its publication by the law firm of Messrs. Sackett, Chapman, Brown & Cross as attorneys on behalf of The New York Herald Tribune whom they have represented for more than a century. I myself submitted this reproduction-proof to Mrs. Ogden Reid personally. Mrs. Reid owned The New York Herald Tribune and requested that I submit the reproduction-proof to her attorneys for their approval before she could consider publishing the full-page in her newspaper. She could not believe her eyes when she read the copy in the reproduction-proof I left with her for her study. I submitted a reproduction-proof to Messrs. Sackett, Chapman, Brown & Cross and they gave their unqualified approval to my analysis of each of the 14 untruths after considerable independent research and study on their part as requested by Mrs. Ogden Reid.

The hatemongers' brain-washing apparatus soon thereafter made war on the newspapers in New York City demanding that they refuse to publish the full-page announcements of the *League for Peace with Justice in Palestine*. The New York Times, The New York Herald Tribune, New York Journal, The World-Telegram, and The Evening Sun thereupon refused to publish the full-page reproduction-proofs of the *League for Peace with Justice in Palestine* submitted to them by Wortman, Barton & Gould of 345 Madison Avenue, New York City an old and respected advertising agency then representing the *League for Peace with Justice in Palestine*.

Faced with this boycott by newspapers in New York City I visited each of them in person to ascertain their reasons for refusing these full-page advertisements of the *League for Peace with Justice in Palestine*. I was told by them that if newspapers published the full-page *League for Peace with Justice in Palestine* advertisements they would lose the advertising in their newspapers of every department store and every other large newspaper advertiser owned or controlled by B'nai B'rith, Anti-defamation League of B'nai B'rith, American Jewish Committee, American Jewish Congress, World Zionist Organization and their countless affiliates and subsidiaries. This boycott of any newspaper in New York City or anywhere in the United States would quickly put it into bankruptcy or out of business altogether!

Faced with this dilemma I did not know just what to do about it. My new attorney, by name Hallam Richardson, told me at the time he heard of a newspaper in New Jersey he believed might accept advertising from the *League for Peace with Justice in Palestine*. Hallam Richardson is the son of Bishop Richardson the eminent dean of all Methodist Bishops for many years before his death, who recently had become my new attorney. I asked Richardson to investigate that possibility. Richardson did so. He arranged an appointment at my home with the editor and publisher of the New Jersey newspaper. That is how I made the acquaintance of Conde McGinley of Union, New Jersey the editor and publisher of *Common Sense* a publication fighting to protect and preserve our sacred heritages.

McGinley cautioned me at our first meeting that neither he nor *Common Sense* were popular with the hatemongers' brain-washing apparatus. McGinley cautioned me that some of his hatemongers' "anti-Semitism" smear might "rub off" on me. I cautioned McGinley that some of my hatemongers' "anti-Semitism" smear might "rub off" on him. McGinley offered me the pages of *Common Sense* in which to tell my story to the nation. If I have been of any assistance in making *Common Sense* the force which it is today I am not the one to talk about it. If anyone outside the hatemongers' brain-washing apparatus is interested in further details I feel quite sure that information will be gladly supplied to them by my friend Conde McGinley.

I can fill many volumes with stories about the pitiless and merciless persecution I was obliged to suffer solely because I was telling the nation facts relevant to the security of the country which the hatemongers' brain-washing apparatus did not want the nation to know. I will now only tell of two incidents because they show to what extent the hatemongers' brain-washing apparatus exerts a big influence over decisions made by public officials who fear for their careers if they ignore "suggestions" to them.

At 2:30 P.M. on the afternoon of November 11, 1947 I was in the Delegates Lounge of United Nations at Lake Success. I was attending the sessions of United Nations General Assembly debating the Palestine question before they voted their Zionist-sponsored resolution to "partition" Palestine. I received an urgent telephone call there insisting that I must address the regular monthly meeting of the Rockland County Republican Club that evening on Armistice Day Eve at 8:30 p.m. in Spring Valley, a suburb of New York City. I was to be the guest speaker instead of Reverend McAllister Griffith the scheduled speaker who was suddenly taken ill. The subject upon which I was to talk was the Palestine situation at that time.

I arrived in Spring Valley by bus with my wife about 8:00 p.m. and was met at the bus station by the president of the club. The president of the club escorted my wife and myself to the hall over the main fire-station where the club holds its monthly meetings. The hall accommodates about 1000 persons comfortably. The president of the club was introducing my wife and myself to members already present when the door to the hall was flung open and in walked three men wearing United States Army uniforms and over-seas caps. Neither of them looked like a member of that club.

The three men in army uniforms dashed around the hall shouting in loud voices "which one is Freedman?" The president of the club brought them over to me not knowing why they wanted to meet me. The leader addressed me saying "You cannot talk here. We do not allow anti-Semitism in Rockland county." I asked him whether he was a member of the club. He stated he was not a member. I asked him by whose authority he invaded private premises to prevent a peaceful meeting by members of the club. Pointing to an insignia on his over-seas cap he replied "The Jewish War Veterans will not allow you to speak here. We know who you are and we do not allow anti-Semites to talk in Rockland county." I tried to convince him he was acting without justification. When he threatened to use force to keep me from speaking I asked one of the club members to go for the Chief of Police and to bring him back just as quickly as possible.

In the presence of the Spring Valley Chief of Police the leader stated to me "If you try to speak in here there will be trouble." The door opened and another 20 to 30 men in the uniform of the United States Army wearing over-seas caps entered the hall. They immediately went to work emptying the hall by pushing members out through the door. They shouted as they were pushing the members towards the door "The meeting is over. There will be trouble if anyone tries to speak here." The hall was soon cleared of everybody leaving there only the Chief of Police, my wife and myself.

The other incident I want to mention here is the so-called Anna M. Rosenberg affair in 1950. At their personal solicitation as they both stated on the record of the Senate Armed Services Committee, Senator Richard Russell and Senator Lyndon Johnson requested me to obtain for them information about Anna M. Rosenberg's past relations and her former activities and associations with communists. The information I obtained for them raised a doubt in the minds of the Senate Armed Services Committee about her fitness for the office of Assistant Secretary of Defense. The Senate Armed Services had already unanimously confirmed her for that office without a public hearing. Included in the information obtained by me was an affidavit obtained for them from an ex-communist. Thereupon the Senate Armed Services Committee reopened the earlier confirmation of Anna M. Rosenberg's appointment ordering a public hearing to pass again upon her fitness to serve in the office of Assistant Secretary of Defense.

I rushed back to New York only to find the underground already in Senator Russell's or Senator Johnson's office had passed the word to the hatemongers' brain-washing apparatus in New York that there was to be a public hearing on Anna M. Rosenberg's fitness for that office based upon the affidavit of an ex-communist. In order to throw dust in the eyes of the public the hatemongers' brain-washing apparatus ordered every newspaper, every radio and television commentator and every media of mass-communications for shaping public opinion controlled by them to scream to high heaven that "Benjamin H. Freedman, violent anti-Semite is in a conspiracy to keep Anna M. Rosenberg out of the Pentagon" and other untrue charges holding me as "an anti-Semite" solely responsible for "this conspiracy" to bar Anna M. Rosenberg from her Pentagon job for religious reasons only.

That was all that the hatemongers' brain-washing apparatus had to do to make sure Anna M. Rosenberg would get the Pentagon job. The sympathy of the nation was with Anna M. Rosenberg as a result of the hatemongers' brain-washing apparatus plan for fair play for this poor victim of a so-called "anti-Semite" conspiracy to keep Anna M. Rosenberg out of the Pentagon job solely on account of her religious faith. The public lost sight of the fact that Senator Russell and Senator Johnson reopened Anna M. Rosenberg's confirmation for the Pentagon job upon an affidavit under oath by the most trusted and the most patriotic ex-communist who had previously been of great assistance in the detection of communist activities in this country. Anna M. Rosenberg had become a sacred cow to the nation. The hatemongers' "anti-Semitism" smear was used to silence further investigation. The reopened hearing on Anna M. Rosenberg's confirmation collapsed and she was confirmed again as if they had planned it that way.

As a result of the nation-wide publicity the hatemongers' brain-washing apparatus gave me I received from persons I had never met hundreds of documents, records, and other evidence of Anna M. Rosenberg's activities and associations with persons of questionable political background. I received enough material to fill a suit-case. When I was called to testify at the reopened public hearing to confirm Anna M. Rosenberg, I was requested to bring this material with me. That suit-case filled with material relevant and pertinent to the confirmation of Anna M. Rosenberg was open in front of me on the table for almost four hours while I was testifying in the committee room. I was not invited to take one piece of that evidence out of the suitcase. For four hours I sat there answering questions about what religious faith I professed, what churches I attended, my relations with the people in the Middle East, my connections with Conde McGinley and *Common Sense*, and countless other matters completely irrelevant to the confirmation proceedings then under consideration by the Senate Armed Services Committee. Anna M. Rosenberg's pals made me her whipping boy!

Have the hatemongers anything they find it necessary to conceal? Have the hatemongers been carrying water on both shoulders? Have the hatemongers been camouflaging un-American, non-American and anti-American attitudes and activities with patriotic and religious pretensions? Double-talk by two-faced individuals or organizations endangers the security of this nation and the peace of the world in this modern nuclear age of intercontinental ballistic missiles fitted with hydrogen-bomb war-heads!
